NEW BUSINESS

4. Financial Discussion--- A Motion to go into executive session was made by Council Member Laura Brownley and seconded by Council Member Angelia Wright all unanimously approved.

After discussion in executive session a motion was made to come out of executive session by Council Member Steve Jones and second by Council Member Geoffrey Villegas all unanimously approved.

Mayor Pamela Lee stated that we are now back in regular session at this time. There was no vote taken in executive session. So, at this time I entertain a motion from Council Member Patricia Woodard. Council Member Patricia Woodard made a motion that the City of Alamo and our Insurance Company enter into an agreement with a third party to provide cyper security services pending clarification on who will pay for it, us the City of Alamo or the Insurance Company. The motion was seconded by Council Member Angelia Wright all unanimously approved. Motion carried

5. Public Participation--- Mayor Lee asked at this time do we have any Public Participation? Citizen Nancy Long asked what is going on? Attorney Perry Avery asked with this whole called meeting? Nancy Long answered yes. City Attorney Perry Avery stated that there was a cyper attack on our computers system and we are trying to figure this all out. We do have insurance to hopefully cover this, but there are certain parameters that we must jump through so they will do it. Mike Spivey with East Coast Asphalt asked to speak. Mike Spivey stated he was from East Coast Asphalt company from Douglas Georgia and we were the company that you all thought you were sending \$175,000 dollars and I don't think no one knows where that money went. We understand that there is an investigation and all going on, and we understand that the insurance is involved and all. But as far as us collecting our Money have you all got an idea. Attorney Perry Avery spoke up and

introduced himself and said there is an active criminal investigation going on with that and some insurance stuff going on. I will be happy to discuss the legal stuff with you on all of this after the meeting. Mike asked if he had said something to offend anyone. Council Member Laura Brownley stated no, we all want you to get paid, it just a matter we must go through all the steps.
